

## Evaluation of Research Progress for Pulmonary Disease & Critical Care Medicine Trainees

Trainee: \_\_\_\_\_ Evaluator: \_\_\_\_\_

Period of Evaluation From: \_\_\_\_\_ To: \_\_\_\_\_

Contact Site/Activity: \_\_\_\_\_

Trainees will be evaluated semi-annually in regards to their research activities to assure that they are making progress towards the defined goals and objectives. The results of these evaluations will be provided to both the Trainee and the Program Director. The criteria for evaluation should be appropriate for the year and training level of the individual.

	Satisfactory	Unsatisfactory	Not Applicable	Comment
<b>Year 01:</b>				
1. Surveying faculty research programs	_____	_____	_____	_____
2. Identifying and planning a project	_____	_____	_____	_____
3. Diligence in literature review	_____	_____	_____	_____
4. Participation in research conferences	_____	_____	_____	_____
<b>Year 02:</b>				
1. Developing detailed research plans	_____	_____	_____	_____
2. Developing relevant research methods	_____	_____	_____	_____
3. Diligence in research data collection	_____	_____	_____	_____
4. Participation in research conferences	_____	_____	_____	_____
<b>Year 03:</b>				
1. Diligence in research data collection	_____	_____	_____	_____
2. Diligence in research data analysis	_____	_____	_____	_____
3. Participation in research conferences	_____	_____	_____	_____
4. Submission of research results for presentation at scientific meetings	_____	_____	_____	_____
5. Submission of research for publication	_____	_____	_____	_____
